## Raspberry To Seek Position of County Commissioner for 11th District

By Dave Atkins

Romulus City Councilman Jimmie Raspberry has announced his plans to run for the position of Commissioner of Wayne County's 11th District.

Raspberry, well known for his outspokenness on the Romulus City Council, said he is running for Commissioner simply because he feels that he can get some things done for the County (Romulus included) that no one else has been able to accomplish.

"I am not foolish enough to believe I can do what needs to be done by myself," said Raspberry, "but, with the input I would have as Commissioner, at least they would have to listen to me and maybe we could get something done."

Raspberry spoke, in particular, of the condition of many roads in the Wayne County area, especially in and around Romulus (e.g., Middlebelt Road; Wayne Road between Ecorse and Van Born).

Just as we do, Raspberry feels that

we need representation from the Romulus area because of the roads, sewers, Airport, drain systems, and many other problems facing the County that, evidently, no one wants to hear — or do anything — about.

As I said earlier, Raspberry has always been the kind of man who speaks his mind. I don't always agree with him, but that is the American way. One thing

I am sure of: If, as a County Commissioner, Raspberry is as persistent and vocal about the things he believes in as he is as a City Councilman, then it is quite possible that some problem areas may, in fact, get taken care of if he is elected.

It is natural, I suppose, that elected officials tend to shy away from problem areas where there are not as many votes available or big money is invested. On the other hand, someone like Raspberry, who lives in that environment, could possibly help in a multitude of ways as long as he didn't get caught up in the ways and means of bigger government than he has been accustomed to working with.

It really is about time that this city got recognized as something more than a place where the County can do as it pleases and take what it wants without too much of a fight from anyone except Mayor Beverly McAnally.

Yes, Raspberry would probably be good for Romulus as a County Commissioner. Remember that when the Primary comes up in March. □

## Romulus Man Found Dead

By Dave Atkins

An 82-year-old man was found dead in his home on Sterling Street at approximately 12:30 p.m. on February 15, 1991.

The man, Edward James Williams, had died of an apparent heart attack, according to the Romulus Police. A statement from Williams's doctor revealed that he (Williams) had undergone treatment for a heart condition.

Williams's daughter, who discovered his body, had talked to her father at approximately 4 p.m. the day before, and he had seemed okay at the time. However, when Williams's son-in-law tried to call at about 10:30 p.m. that same evening, there was no answer.

Police say that it was after Williams's daughter tried to phone her father the following day, but received no answer, that she went to his home and found him in the bathroom.

Williams lived two doors down from our newspaper offices and, over the last four years, I found him to be a very pleasant gentleman who took pride in his property and could talk to other people on a whole range of subjects. He will be missed by many, and that includes us here at "the little paper." □

## District Cracks Down on Nonresidents

Under the following circumstances exceptions to this policy may be made at the discretion of the Superintendent or designees:

- 1) When a child is a ward of the court or placed in a foster care home within the district.
- 2) In cases where a petition has been filed in Probate Court for limited guard-

ianship, the child, if enrolled, may continue in school until the date of the court hearing. Thereafter, the child will be allowed to continue in attendance only if the court has granted the limited guardianship requested.

- 3) In cases where the child in question is a senior but the parents have moved from the district, the child may be allowed to stay and graduate with his/her class, if requested by the parents.
- 4) When a family has moved from the district, the child may be allowed to continue in school until the end of the semester, at the parents' request. □

## Point of Law

By Murray A. Duncan, Jr., Attorney

Prosecutions for sexual conduct in cases where the alleged victim is under 18 years of age at the time of the commission of the alleged offense can be brought within six years after the commission of the offense or by the victim's twenty-first birthday, whichever occurs later.

\* \* \*

Statements made to the police before, during, or after the administration of a police-run polygraph examination are generally admissible at trial to be used against the defendant.

\* \* \*

A court, when sentencing a defendant for cocaine possession for which

a mandatory minimum sentence of jail time is mandated by law, may depart from the mandatory sentence only for substantial and compelling reasons. Factors used in departing from the mandatory sentence must be objective and must be of such significance that the statutory sentence is very clearly inappropriate.

If you have a legal question that you would like answered, you may send your question to my office and I will attempt to address it in a future issue. Questions should be mailed to: Murray A. Duncan, Jr., 10000 South Wayne Road, Romulus, Michigan 48174. □

Anyone who would like to nominate an artist or receive further information should contact the RAC by calling either 941-2678 or 941-0558. □

## Letter to the Editor

In a recent publication, you included a letter from a reader who called the owner and operator of Romulus Video a bigot because his advertisement boasted the fact that he was or is an American! I also noticed that his full-page ad is missing from your latest edition. Shame on whoever is responsible for that.

Our country is at war, and it has brought out the patriotism in many of us. Many of us are flying American flags at home and our places of business because we are proud Americans and we want to show our support for our armed forces. We stand for and behind a great many beliefs, ideas and ideals. That makes us Americans, and everyone living inside America's boundaries, whether born here or naturalized by virtue of a lot of hard study and passing an exam, *should* be proud to be an American. Many, many have given so

All information submitted by James A. Kosteva, State Representative for the 37th District

### Bill Would Aid Nurse Midwives

The House is considering legislation that would require major insurance companies to cover the use of nurse midwives to deliver babies. Currently, Medicaid and some small insurance carriers reimburse midwives for their services. Supporters say by expanding medical coverage, more midwives could be trained and access to proper prenatal and obstetric care could be extended to rural and low-income women.

### House Passes Bill To Establish Off-road Vehicle Policy

A bill to establish a Statewide off-road vehicle policy has passed the House. The bill contains provisions for a State fund, supported by ORV fees, which would be used for grants, enforcement, trail restoration, and posting trails as open or closed. However, only 25% of the monies in the fund could be used until the Department of Natural Resources submits a trail system plan for legislative approval.

### Statewide Hazardous Spill Prevention Program Proposed

Legislation to create a Statewide hazardous spills prevention program and a spill action center is being considered by the House. The program would assess high-risk manufacturing sites and mobile vehicles that transport waste, compile up-to-date information on preventing and cleaning up spills, and educate operators and employees on how to prevent spills.

### Legislation Would Provide Weekend Arraignments

District court judges would be able to develop a multi-district plan with neighboring judges to provide weekend arraignments under legislation being considered by the House. Supporters say that, by allowing weekend arraignments, district court would save public money and arraignments could be done in a more timely manner. The legislation would remove a technical hurdle and allow judges to act outside of their normal districts.

### Bill Would Protect Consumers from Pesticides

Legislation to require all fruits and vegetables sold in Michigan to carry labels showing the type of pesticides or other chemicals used in the growing process is being considered by the House. Under the legislation, State agriculture officials would develop procedures for pesticide labeling of fruits and vegetables, as well as a list of other agricultural substances that are potentially harmful to humans. The bill would establish a mandatory fine of \$5,000 for each violation and would allow State officials to confiscate and destroy all unlabeled produce.

### Legislation Would Regulate Incinerator Emissions

Under legislation being considered by the House, municipal and county waste incinerators would be required to be equipped with pollution control devices to reduce harmful emissions to the lowest possible rate. An incinerator would not receive a license for operation unless it was equipped with the latest and most effective available technology, such as gas controls in the flues or within the combustion process, to produce the lowest possible emission rates for substances harmful to public health/safety or the environment.

### Bill Would Revamp State Vocational Education

The House is considering legislation that would lead to the reorganization of career and vocational education in Michigan. The bill would establish a Career/Technical Advisory Council, representing business, industry, agriculture, and labor groups, as well as educational groups, to develop policy and oversee programs. The bill also includes a testing system for skill competency throughout the elementary and secondary school years.

## Sports Update

By Fred Coleman, Athletic Director,  
Romulus Community Schools

### RHS Wrestling

**Overall: 17-14 League: Second Place**

With a lineup that included a number of freshmen and sophomores, the varsity Eagle wrestling team achieved something that no other group has been able to match: a District Championship.

Mike Scully and Dale Gehringer have led this very inexperienced, hard-working group to some feats that even the coaches have been impressed with.

"Last year's team was the most talented we may have ever had in this school," stated Coach Norman Butler, "but the accomplishments of that team seemed only as a goal for these young kids to strive for. This group has worked very hard for us this year and that effort has paid off for them with this championship."

Contributing to this victory were juniors Gehringer, Scully, Jason Drouillard, Brian McNett, and Jason Schmidt; sophomores Leroy Prince, Ron Bray, Felton Bush, and Rob Graham; and freshmen Jeff Filek, Tim Kilgore, and Toby Wilson. Great season, guys! I'm sure that your coaches are looking forward to next season; so are our wrestling fans.

Although the team portion of the 1991 season came to a close this week with a Regional loss to Detroit Catholic Central, our two co-captains continue the quest for an Individual State Championship. On Saturday, Dale Gehringer and Mike Scully both advanced to the State Championships with their second-place finishes in the Individual Regionals at Plymouth Salem.

Gehringer improved his record to 44-9 with his finish, and his only loss of the day came in the finals to the same opponent from Bedford who defeated him in the District finals, also. No doubt, Gehringer is setting up his opponent's ego for this weekend in Battle Creek, when it really counts. A junior, Gehringer has had a great season, both as a wrestler and a leader of this young team. No

matter what his finish this weekend, his individual accomplishments and those of this very hardworking team are something he should be very proud of.

Accompanying Gehringer to Battle Creek on Friday will be fellow co-captain, Mike Scully. Scully also lost in the finals to the same young man who defeated him in the Districts, but the score was only 8-6 and, according to Assistant Coach Bill Garland, "Mike actually beat this kid in the District finals and pretty much everyone there knew it. They will meet again in Battle Creek and I am sure Mike is going to take his turn as the winner of this match."

Scully also has been an inspirational leader of this year's team, and we truly hope that both he and Gehringer have excellent weekends representing our team and our community.

### RHS Basketball

**Overall: 10-6**

**League: 2-5**

Cold weather and no school in Ann Arbor cancelled our game with Huron for Friday evening. The game will be made up on Wednesday, February 27, at 5:30 p.m. (junior varsity) and 7 p.m. (varsity).

A recent loss to Ypsilanti (68-63), coupled with a victory over Willow Run, has moved the Eagle record to 10 wins and only six setbacks. Torrey Mills continues to lead the offense, averaging over 20 points per game, but this year's Eagles are learning each game that, the better they play as a team, the more success they are going to have.

"We have pretty much taken the stand that we are going to start and play the five guys who work the hardest in practice to prepare themselves for the next game," stated second-year head coach, Chris Molloy. "Our team does not have the 'go-to guy' who can dominate the opponents, so we have to play and work hard and make things happen. Lately, it seems like we just never know who the best five are going to be. Everyone is getting playing time and the best of the game seems to change each quarter. We are working real hard right now and our focus is on the State Tournament. Our next four games have to prepare us for Districts and a possible rematch with Belleville, and our team is going to be ready for that game if it happens."

Districts begin March 5 at Belleville High. (More information will follow after the draw has been held.) Before Districts, though, we still have three home contests for you to attend. On Tuesday evening, we host Ypsilanti Lincoln; on Wednesday, February 27, we host Ann Arbor Huron; and on Friday, March 1, we will host League-leading Adrian.

### RHS Volleyball

**Overall: 25-12**

**League: 5-2**

The Lady Eagle volleyball team enters its last week of regular season play having had an outstanding season to date.

Although a recent defeat to Ann Arbor Huron all but eliminated their chances of winning the League this year, a second-place finish is assured for the second consecutive season.

A third-place finish in the *Romulus Roman* Invitational left this year's team with tournament finishes of three thirds, one second, and a championship trophy from Gibraltar Carlson. This coming weekend, the varsity Eagles travel to Lincoln Park for the Downriver Classic and are expected to be in the hunt for that championship, as well.

"We have played all of the better teams there," stated Coach Gail Coleman, "and we pretty much know what we have to do to be successful this weekend. If our serving is on and we can defense the bigger teams' front lines, then we can put this tournament in our championship column, but we know that Trenton and Gabriel Richard (the *Romulus Roman* champion) are going to be tough, as well as Lincoln Park and Gibraltar Carlson. This is going to be an excellent tournament with very close competition, and, with it being the last for this year's seniors, I think we will come to play."

The seniors leaving the program this season may be the best class ever to play in our volleyball program. Led by co-captains Jennifer Daniel and Michele Scarrow, this group has managed to play on teams that have accumulated 206 victories and only 51 defeats since beginning play together.

Besides the individual records that Daniel and Scarrow will set this season, the team and career records are going to show their names and those of Brooke Hammers, Tammy Trubilowicz, Susan Molenda, and Angie Slawinski. There might not be a volleyball record left that does not include at least one of this group on it, and even more impressive is that all of them carry a grade point average of over 3.0, with Michele ranked first in this year's class and Jennifer ranked fourth. These six young ladies have accomplished great things while attending Romulus High School, both in and out of athletics, and for that we are proud, as we hope they all are, also.

Your last chance to see this group happens this Thursday, as the Eagles host a tri-match with Livonia Clarenceville and Highland Park. The games begin at 5:30 p.m.

Districts will also be held at Romulus High School on Saturday, March 2, with game times set for 5:30, 6:30, and 7:30 (for the championship) p.m. Teams included in this year's tournament are Romulus, Belleville, Garden City, John Glenn, and Wayne Memorial. The draw to determine who will play whom will take place this week. Any questions concerning the State tournaments for volleyball, basketball, or wrestling may be directed to the Athletic Office at 941-3414. □

## Burek Appears in EMU Play

Annette Burek, a 1989 graduate of Southgate Aquinas High School, is currently appearing in Eastern Michigan University's production of *The Bakhai*.

Burek, a sophomore at EMU majoring in theatre, is the daughter of Robert and Diana Burek of Romulus.

Burek was also active in theatre in high school, and has received recognition of excellence for her theatrical talents.

Burek will perform the role of the Koros in *The Bakhai*, Euripides' classical Greek tragedy. The play confronts the age-old struggle of passion versus reason found in every human. This production is of particular interest in that the setting has been changed from ancient Greece to the Native American tribal lands in the American Southwest.

EMU's production of *The Bakhai*, which debuted on February 14, may be seen February 21-23 at 8 p.m. at EMU's Quirk Theatre. Tickets are \$8 for adults and \$3 for children under 14. For more information, please call 487-1221. □

## Jennifer Moore Crowned Homecoming Queen at CCA

Recently crowned Queen of Calvary Christian Academy's 1991 Homecoming was Jennifer Moore of Romulus. This is Jennifer's fourth year at CCA, where she is an honor roll student. She has participated in band, choir, and cheerleading at school, and attends Canton Community Church.

The City of Romulus was well represented on CCA's Homecoming Court of three senior boys and three senior girls chosen by the 1991 class in Ypsilanti. Besides Jennifer (the daughter of Mr. and Mrs. Larry Moore), local residents David Bachman (the son of Mr. and Mrs. Vernon Bachman) and Marcy Ursiny (the daughter of Mr. and Mrs. Tom Ursiny) were also chosen.

The other members of the Court were Jason Crawford (the son of Mr. and Mrs. Richard Crawford of Wayne), Jessica Gorham (the daughter of Mr. and Mrs. James Blair of Dundee), and Corey Wright (the son of Pastor and Mrs. Henry Healey of Ypsilanti), who was chosen as this year's Homecoming King.

Students cast their ballots for the King and Queen on Friday, January 25, and the results of the election were announced before the basketball game that evening. Jennifer was wearing a black lace dress with a green jacket when she was presented with a dozen red roses and crowned by last year's queen, Kelly Davis. Craig Lorenz, last

year's king, presented the scepter to Corey Wright.

After a quick change, the three girls cheered the three boys, as well as the rest of the Calvary Cougars, to an impressive victory over Stateline.

On Saturday evening, Jennifer and Corey reigned happily over the Homecoming Banquet held in the fellowship hall of the Calvary Baptist Church of Ypsilanti. The banquet was attended by 100 students and parents who enjoyed good music, great food, and the guest speaker, Dr. Bob Cropsey, missionary to Africa. □

## Wick Students Have a Dream

### My Dreams . . .

By Ronald O'Dell, grade six (Mrs. Golka's class)

Dreams, I have! A dream to me is believing, hoping, and wishing that what you think about will come true one day. Thinking about all the dreams there are, I only have four dreams, which could be called "the four Ps," and they are . . .

I dream, and hope for . . . Peace throughout the world; people living among themselves without any hate. I dream that wars and fights will be washed down the drain with happiness.

I dream that . . . Poor People will soon have enough food, clothing, and shelter to support themselves and their families.

Also, I dream, and hope for . . . Pollution by cigarettes, cars, and others to go away by vanishing into the air. Many people are dying because of cigarettes and other pollution, so let's hope that we get rid of pollution and all of these other problems, too.

For my last one, I dream for . . . Prejudice to go away. I think that we're people just like everyone else, so if we all are nice to each other, and if we get rid of all other problems, this world will be almost perfect.

### I Have a Dream

By James Perkins, grade six (Mrs. Golka's class)

To me, the words "I have a dream" mean something good. The words "I have a dream" and many other words got Martin Luther King Jr. the respect of thousands of people. Those four words mean very much in my vocabulary. The words "I have a dream" mean that you think about something great that is going to happen.

I'm not talking about going to the movies with your friend, or going to an amusement park with your friend over summer vacation. I'm talking about something that will make a much bigger amount of people feel happy. Something that will make a whole nation feel good, and I believe the words "I have a dream" can do that.

"I have a dream" that one day the world will have peace. One day all the war and violence will be eliminated.

### I Have a Dream . . .

By Tim Pratt, grade six (Mrs. Golka's class)

"I have a dream." A dream about happiness, kindness, hope, caring, and sharing. A dream where every man has a house to live in, clothes on his back,

much to give us the right to boast.

You wouldn't consider an ad for a Chinese (or Italian, African, Mexican, French . . .) restaurant bigoted, so why shouldn't an American advertise that he is?

I say the only bigot is the person who objects to someone being proud of who they are. If being proud of being an American counts you among the bigots, put my name along with Ron's and Lindsay's. (And I'll wager you'll get a response from many more proud Americans after they read this!)

Mary C. Ernest

I picked up a copy of your paper the other day, and I must say that I read more common sense in it that I have read in 13 months of the *Free Press* since I have been up here from Arkansas. (And it's not even free — I have to pay for it.)

and a bed to sleep in. I have the perfect dream. . . .

"I have a dream" that one day there will be peace and harmony in the world. A nation without war and anger, that is my dream.

I think that this message was sent from God. I believe that he wants his people to live as equals. He wants everyone to be free and reach their goals in life without race or religion stopping them.

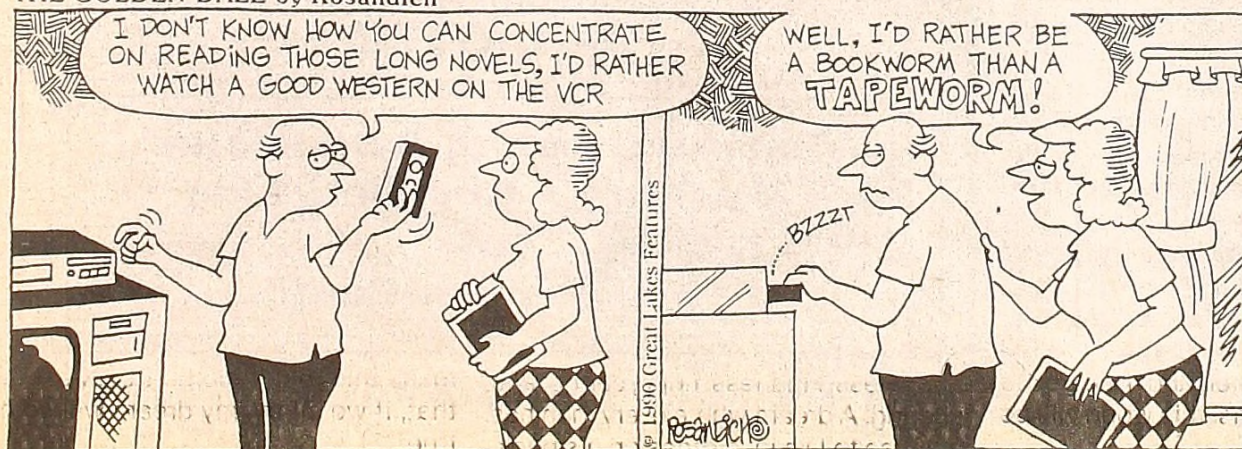

We, the people, need to be prejudice-free and willing to give to the unfortunate. The only way I see this happening is if we all pull together as one and make this dream come true. I believe that, if we all try, my dream will come true! □

### Internal Examination

#### Body Cavities:

The Y-shape thoraco-abdominal incision is made; skin flaps retracted and the breast bone removed. There is no excess fluid or adhesion in the body cavities except for the chest and abdomen which contain large amounts of partially clotted blood. All thoraco-abdominal organs are appraised in position and by transection after removal, nothing of significance being observed except for those injuries previously described. All organs are within their normal anatomical positions and show normal relationship. The pelvic organs and external genitalia are examined and found to disclose no evidence of other trauma or significant pathological changes.

#### Head:

The scalp and skull are incised and retracted; the brain is removed. The scalp, skull, meninges, and brain show no evidence of trauma or significant pathological changes on transections except for subarachnoid hemorrhage and contusion and swelling of the brain as previously described.

#### Opinion:

This 17-year-old male, John Doe, died of multiple injuries sustained as the driver of a motor vehicle involved in a collision.

Death is believed to be accidental.

\* \* \*

This young man lived in the local area and died at a very young age due to senseless driving. Family and friends are stunned by these deaths. Imagine you're identifying the body of a friend or loved-one at the morgue.

Portions of this report were altered to disguise the true identity of this victim. □

## Barth School

(Editor's note: The following information is taken from the February 1991 edition of The Barth Gazette and other materials submitted to The Romulus News.)

### Spelling Bee

Barth Elementary School completed its annual Spelling Bee on Monday, February 4. Competing in the Bee were fifth- and sixth-grade students from the classes of Mrs. Abela, Mrs. Hall, and Mrs. Reott. The competitors were: Alex Abbot, Tim Adkins, Kristina Atherton, Tara Bitner, Yolanda Buffington, Krista Bufford, Angie Coate, Tiffany Frazier, Megan Gilliland, Myron Gray, Natalie Griffith, Travis Hammer, T. J. Haverlock, Stephanie Henry, Brian Holbrook, Jennifer Howard, Roger Kehn, Melissa Kufel, Angie Parks, Mandy Pate, and Marnita Price.

Kristina Atherton (grade six) was the champion speller; the runner-up was Myron Gray (grade five). The winning word was "aisle."

Becky Oz, the word pronouncer for this event, was supported by judges Sandi Bussard and Karen Linebaugh. Student assistants were David DeTroyer, Lisa Wands, and Amanda Wilks.

Kristina will be studying very hard during the next few weeks in order to prepare for the District Bee, which will be held the week of March 11.

Congratulations, Kristina!

### Barth School's New Business Partner Is Mr. Bill's Pizza

Bill Raeck, popular math/science teacher at Romulus High School and owner of Mr. Bill's Pizza, is Barth's newest School Business Partner.

On January 31, Mrs. Karen Richard's first-grade class visited Mr. Bill's, and Gordon Evans, former RHS student and Mr. Bill's right-hand man, demonstrated the fine art of pizza-making. This included beating out the dough; spreading; adding the sauce, cheese, and toppings; and baking the pizza. Then — with the help of Mrs. Richard, Principal Connon, Gordon, and several parents — 34 first graders got to try their hand at creating their own pizzas!

### Mrs. Mientkiewicz's Class Visits the Merriman Executive Inn

On January 15, Mrs. Mientkiewicz's third-grade class visited one of the school's business partners, the Merriman Executive Inn, for lunch and a tour of the facilities. This trip was an outcome of a class workshop provided by Bobby Perea, manager of the popular Inn, and members of his staff. At the workshop, Mr. Perea taught the class table etiquette and other tips on eating out.

The same workshop was provided for Mrs. Lanning's third/fourth graders and Mrs. Gursky's fourth graders on January 22 and, sometime next month, these classes will also take a field trip to the Inn.

Thanks to Mr. Perea for allowing the classes to visit.

## Cory School

(Editor's note: The following information is taken from the February 1991 edition of The Cory Express.)

### January Students of the Month

Cory School is still seeking business sponsors to donate \$50 savings bonds (the purchase price of such a bond is \$25) to its Student of the Month program. (The goal is to be able to give a bond to every Student of the Month.) The four bonds currently given each month are donated by Security Bank, the Cory PTO, and the Student Activity Fund. Anyone interested in donating bonds to this program should contact Phyllis Adkins, Cory Principal.

Congratulations to January's Students of the Month: Robin Canterbury, Anthony Conley, Darren Cox, Scott Crout, Brenda Finley, Richard Gnas, Christopher Higgins, Janet Hood, Keith Hubbard, Andrew Imielowski, Charles James, Darnella Johnson, James Lee, Michael Madison, John McCullough, Andre Parson, Christopher Rinehart, Amanda Rohde, Clifford Smith, Michael Smith, Scott Stahl, Sabrina Stetler, Joey Swartz, John Williams, Latina Williams, and Alexander Wilson.

### Martin Luther King Day Celebration

Cory staff and students celebrated this National holiday with a school-wide program. Students presented poems,

songs, letters, and a play to commemorate the lifelong commitment to equality and justice for all the people of the world.

### Peace in the Middle East

Last month, Cory's staff met to discuss the potential concerns and questions that students may have in connection with the Persian Gulf crisis, and ways to deal with them. Many good ideas resulted from the conference, including:

- letting students express their feelings by talking and writing letters to servicemen and -women,
- assuring children that the location of the war is thousands of miles from them (since the media gives younger children the impression that it is very near to home), and
- having Marine Commander Kearney from the High School's ROTC program speak to students in grades four through six about the war.

## Halecreek School

(Editor's note: The following information is taken from the February 1991 edition of Halecreek's newsletter.)

### Halecreek Honors Dr. King

On Monday, January 21, Halecreek students participated in a school-wide assembly honoring the late Dr. Martin Luther King, Jr., and his efforts on behalf of peace.

Representatives from each grade contributed to the program. A beautiful poster and yellow "peace bow" were presented by the kindergarten class to Mrs. Mossoian, Halecreek's principal, on behalf of the students. The poster is on display in the lobby.

### Student Council

The Halecreek Student Council has been a great success. Past projects have included a Thanksgiving food drive for the needy (in which eight large boxes of food were collected), a Christmas dance for fifth and sixth graders, and a meeting with Mrs. Mossoian to discuss the graffiti problem at the school. Currently, the group is working with the School Improvement Team on a candy sale/fund raiser. The school is encouraging everyone to buy their Easter candy from a Halecreek student.

## OBITUARY

continued from page 14

mechanical work, caring for stray animals, and just enjoying life.

In August, 1988, he was referred to the University of Michigan for a work-up for possible kidney transplantation. He was accepted and was waiting for a donor match to be found.

In July, 1990, he started kidney dialysis three days a week at Washtenaw Dialysis Center near St. Joseph Hos-

pital in Ypsilanti. He was doing exceptionally well on dialysis and was anticipating receiving his kidney sometime around March, 1991. He continued to be very active and live a full life until a massive coronary took his life suddenly on Tuesday, February 12, 1991.

George strongly believed in organ donation, but had been told that he could not be a donor because he was on dialysis. After this death, the family learned that his corneas would be accepted, and they were donated.

A funeral service, officiated by Dr. Weldon Spracklen, minister of the First Baptist Church in Canton, was held at 11 a.m. on Friday, February 15, at Crane Funeral Home in Romulus. Interment was at Cadillac Memorial Gardens-West.

George leaves his wife, Marlene E. (Carson) Behringer, and his daughter, Miss Connie Behringer, in the United States, and his brother Ferdinand and nephew Marcel in West Germany.

He touched the lives of many with his friendly smile, caring ways, and love of life. He will be missed. □

## For My Precious Polish Mother, Helena Marie Maciejewski Ford

Happy 80th Birthday  
(Sunday, February 24, 1991)

"My Mother, My Friend"

A friend is one to whom you may pour out all the contents of your heart, chaff and grain together, knowing that the gentlest of hands will take and sift it, keep what is worth keeping, and, with a breath of kindness, blow the rest away.

One of the most pleasant things about our friendship is the many do-you-remember moments.

Mothers make wonderful friends. They are one of life's necessities that fill (and fulfill) our days.

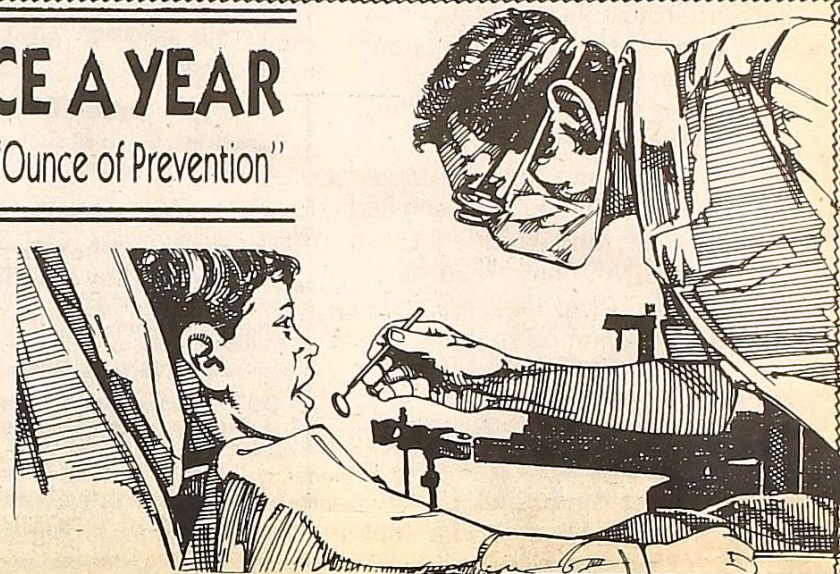

May God bless you with many more birthdays for us to celebrate. "Heaven can wait."

I'll always love you.

Your daughter,  
Dolores
